CLASS REALITY

SPRING 2023

Are you tired of boring learning methods that make you feel unmotivated? Well, look no further! Class Reality is the perfect Virtual Reality App to make learning more engaging and fun. It features:

-**3 unique mini-games** designed to increase your cognitive skills, **improve your memory**, and help you learn new things in a fun and engaging way.

-A fully **customizable database** where students & teachers can input the material they want to focus on.

-A leaderboard where **students can compete** for the best score.
