

DOG DOCTORS OUTREACH

Inspiring the next generation of veterinarians through interactive and engaging virtual learning programs

Virtual Program

An in-person experience of the Dog Doctors Outreach Program converted into an accessible virtual option to reach more Georgia schools.

Interactive Learning

Students engage with animated videos and interactive activities to gain an understanding and appreciation of veterinary medicine.

Accessibility & Inclusivity

Breaking down geographic and logistical barriers, ensuring that all students, regardless of location, have access to enriching veterinary science education.
